"SL" SHAPE CURVED RAIL

Combined with human engineering and studied super long "SL" shape space curved rail technology, Massage distance is 132cm, makes you enjoy personal massage from the head to the leg, helps to maintain the human body vertebra "S" shaped curve, achieves relaxing the spine and relieve tense muscles.

ZERO GRAVITY

Zero gravity model means, the legs and torso at 145 degrees elevation, the location of thighs and calves are above the heart. The gravity of each body part will distribute average on massage chair to make pressure on body fully release.

VOICE CONTROL & RECOGNITION

Intelligent voice recognition system makes it easier to control the massage chair to enjoy the comfort. Voice-control wake-up button: press this button to wake up the voice control function and press for 3 seconds to turn the function on or off. If no valid voice entry is recognized within 6 seconds, the voice function is automatically turned off (This button only works after The voice control function turned on.)

INTELLIGENT MECHANICAL MASSAGE HANDS

Intelligent mechanical massage hands keep collecting the curve data on the back and imitate professional masseur massage skill to realize multidimensional and aspect stereo massage. Intelligent massage hands imitate professional method to do the following massage action: Knead, Tap, Knead and Tap, Shiatsu, Knock, Rolling. So the mechanical hands can do effective massage to human cervical vertebra thoracic vertebra and lumbar vertebra. This method can guarantee back get even strength massage, which can compare with professional method, refresh yourself and relieve your fatigue.

11 Massage Technique

5 Levels Intensity

5 Gear Width

5 Speed

CALF STRETCH

The calf frame is provided with a telescopic adjustment function, and the calf foot is pulled out with the ankle. The length of the foot extension can be determined according to the length of the user's leg, and the foot is retracted by the spring force to adapt to different heights of the person.

FREE ADJUSTMENT OF PRIORITY AND URGENCY
